

Introduction	e-learning platform
Type of institution involved	university
Title of the methodology used	e-Lecture
Type of educator	Teacher
Tool/tools used	Wikamp (https://edu.p.lodz.pl/), moodle
Main Challenges, Key Success and Enabling Factors	A lot of materials can be delivered to students before the lecture. We are using Moodle based platform which is adjusted according university needs. It's name is WIKAMP. It allows not only to provide the online courses but also serves as a folder for materials for students. There is need to prepare quizzes or test, including exams. There is a special module called webinary to prepare remote lectures.
Lessons Learnt and Recommendations	Using WIKAMP we make our teaching more interactive by letting the students actively participate in lectures and be prepared in advance. The system allows us to record progress of students and evaluate their knowledge. Tool is complicated and only few teachers are using it.
Country	Poland
Name of the Institution/ Education Center	TUL

Co-funded by the
Erasmus+ Programme
of the European Union
